(54) Title: COMMUNICATION TERMINAL ALLOWING PLACING RESTRICTIONS ON DISCLOSURE OF INFORMATION,
METHOD IMPLEMENTED BY COMMUNICATION TERMINAL OF PLACING RESTRICTIONS ON DISCLOSURE OF IN-
FORMATION, AND PROGRAM THEREFOR

(57) Abstract: There is provided a commu-
nication terminal for preventing an owner of
a destination communication terminal from
divulging personal information to a third party.
When an owner of a communication terminal
(11) passes to a destination communication
terminal (12) his or her personal information
on which he or she desires to place disclosure
restrictions, a presentation attribute which is set
to "not permitting presentation" is transmitted
together with the personal information. When
the destination communication terminal
(12) passes the personal information of the
communication terminal (11) to another
communication terminal, the presentation
attribute of the personal information of the
communication terminal (11) is checked in
the destination communication terminal
(12). If the presentation attribute is set to
"not permitting presentation", the destination
communication terminal (12) prevents itself
from transmitting the personal information to
the other communication terminal.
